Show Tickets Redeemable

Answering a question that had been raised, Chairman John W. Brand of the Redwood City Defense Savings Committee said here that tickets purchased for Saturday night's defense show at Sequoia High School that were not used could be redeemed next week prior to Saturday at local banks for two 25-cent savings stamps.

While tickets for the affair are 75 cents, net cost for the two-hour variety program will be only 25 cents, since the tickets will be redeemable at the door or at the banks for the stamps. The 25 cents will go to pay incidental expenses.

Entertainers, some of them professionals such as Harold Dana, baritone, and Montgomery Mohn, master of ceremonies, both radio artists, are donating their services.

Actually expected to provide entertainment of a sort will be the local organizations who will staff outdoor savings stamps booths as they vie for a $25 bond offered as prize for the club selling the most stamps and bonds at the affair.

Wrex. W. Cruse, in charge of this phase of the affair, invites all organizations to set up stands outside the auditorium and sell war securities.

Man Cuts Off Children In Will With $5 Each

George S. Wilson, manufacturer's representative who died in San Mateo Mar. 15, left the bulk of his estate to his widow and second wife, Mrs. Mildred L. Wilson, allowing but $5 each to two children by a former marriage.

According to the petition for letters of administration, Mr. Wilson's estate consists of some $1500 in personal property, some stocks and promissory notes.

The will, written in October, 1934, but bearing no specific date provided $5 each for Floradella Wilson, 20, and Richard F. Wilson, 18, both of Hollywood. Their mother is Lillian A. Wilson, who is not mentioned in the will.

Mrs. Mildred L. Wilson, the petitioner, lives at 210 Grinnell Ave., San Mateo.

'Captain Midnight' Here

Captain Midnight, hero of a hundred mighty battles, helps his government smash a deadly gang of enemy saboteurs in Columbia's thrilling Chapter Play, "Captain Midnight." Based on the radio serial, the new thriller, which is being shown at the Fox Sequoia Theater on Saturday matinees, features Dave O'Brien and Dorothy Short, both of whom are shown in the above scene.

Belmont Man Describes Escape From Sinking Ships

BELMONT — How he "fooled around in the water" while awaiting rescue after having a ship bombed from under him was told in San Francisco by R. D. Gross of Belmont, chief storekeeper on the Aircraft Tender Langley, sunk in February by Japanese submarines.

Gross, one of six petty officers who were interviewed Saturday afternoon, said:

"I was at the after battle dressing station, when bombs hit off the stern, the stern seemed to be lifted right out of the water.

"There was only one bad feature about the swimming — the tide was quite strong. Two escort vessels were nearby and soon had us all aboard. We were transferred to the Pecos. The Pecos underwent a four-hour bombing attack from planes before she sank. We left the Pecos in the afternoon and fooled around in the water till darkness, feeling that the two escort vessels would be in to pick us up after dark.

"When the moon came up we could see the silhouettes of rescue vessels. A group of us who were together were picked up. (Gross paused before he went on slowly.) The word shipmate, I'd like to say, means a lot to us. There never was a bunch of shipmates like those on the rescue vessels. They opened their lockers to us, turned over everything they had. I would like to pay tribute to them."

Another Peninsula resident was feared lost on the big ship. He was Clyde Brinkhurst, son of Mrs. Elsie Brinkhurst of 703 Prospect Row, San Mateo. She has not heard from her son since Mar. 2. He enlisted in the navy last August with the rating of printer, third class. He was known at San Mateo as a baritone singer, and had appeared on radio amateur programs.

Mrs. Roy D'Heron Is Taken by Death

Death on Monday ended a two-year illness for Mrs. Virginia D'Heron, wife of Roy D'Heron. She passed away at her home on El Camino Real. She and her husband had lived here for the past seven months. Two sisters, Mrs. James Hughes of Vallejo and Mrs. Allen Thistle of Hawaii, also survive.

Life Saving Course Is Started at Sequoia

Signing up to take the Spring senior American Red Cross Life Saving Course with Instructor Clyde Devine this week were Jerry Smith, Comte O'Connell, Bob Stentiford, Wes Lynes, George Scheil, Claude Bergman, Howard Spiker, Harper Peddicord, Elmer Nelson, Ed Halcrow, Russ Fox, Joe and Frank Goetz, Sully Hersey and Mrs. Fay Gelb.

The following passed the ARC course this past Fall and Winter: Richard Allphin, Bob Hunter, Glen Chandler, Gordon Newton, Harold McManus, Warren Day, Bob Dickson, Henry Needham, Kempton Clark, Al Wigger and James Spence.

R. C. Pupils' Purchase Of Stamps Hits $1601

McKinley elementary school children have purchased $1601.30 worth of 10-cent war stamps since the campaign began, seven weeks ago, according to Supt. Andrew Spinas.

Besides this contribution to national defense, the McKinleyites are also actively engaged in the Salvage for Victory campaign. They are making plans for the collection of material, and the art classes are making posters.

Several states have laws forbidding the sale of eggs as "fresh" unless the eggs are laid within their borders, says the Department of Commerce.

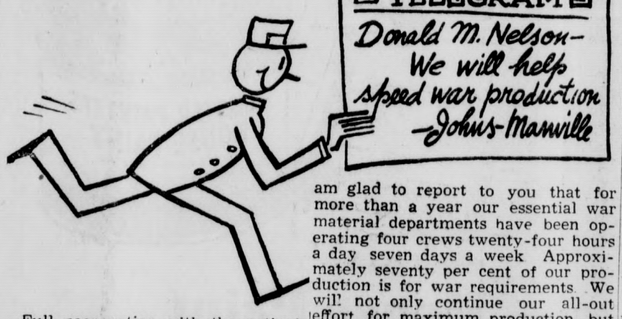
New War Production Drive Launched by Johns-Manville



Full cooperation with the nation's drive to further increase production for war was pledged by Lewis H. Brown, president of Johns-Manville Corporation, in a telegram sent to Donald M. Nelson, chairman of the War Production Board. The telegram was sent immediately after Mr. Nelson's radio plea of March 17.

J-M Goes Into Action

Mr. Brown's telegram to Mr. Nelson said in part:

"The Johns-Manville Corporation has gone into action in support of your urgent plea to increase production for the duration. All Johns-Manville plant managers throughout the country have been called to a conference to speed the putting into effect of plans for obtaining the fullest cooperation of employees and management in our production drive.

All-Out Effort

"I am asking every one of the 15,000 members of the Johns-Manville organization to read your broadcast and to pledge their efforts for the duration to help our country win the war and to assist with any plan that will assuredly increase production. I am glad to report to you that for more than a year our essential war material departments have been operating four crews twenty-four hours a day seven days a week. Approximately seventy per cent of our production is for war requirements. We will not only continue our all-out effort for maximum production, but we pledge full cooperation with the nation's drive to still further increase needed production.

Pledges Full Support

"It is not our understanding and I know you have not intended that industry experiment with any new or untried method of committee management that may in this crisis decrease rather than increase production. It was most reassuring, therefore, to hear you indicate that the war production board plan does not propose to disperse the essential responsibilities of management and that labor-management committees are to be limited to the sensible function of assisting management to improve production. Within such limitation I am sure that such committees can make many helpful suggestions, aid effectively in forestalling sabotage, help to maintain morale and increase the general effectiveness of all-out production effort.

"Again, Mr. Nelson, I pledge to our country, through you, our wholehearted support to help win this war by getting increased production. Johns-Manville is proud to do its part to increase the flow of necessary goods."

J-M Campaigns Against Sabotage

Johns-Manville is taking no chances with Fifth Columnists in this country who are eagerly awaiting the opportunity to sabotage war production. Everything that can be done is being done to prevent damage to J-M plants and offices and mines and injury to J-M jobholders.

J-Mers Cooperating

J-M jobholders throughout the country are cooperating to the fullest with this program, so urgently needed in times of war.

Army, Navy and F.B.I. representatives have surveyed J-M's key plants and made many recommendations in detail for additional safeguards to all equipment and plans.

Safeguards Taken

Definite action has been taken in line with these recommendations to do everything possible to keep out potential saboteurs and prevent acts of sabotage. This action has included such programs as fingerprinting all jobholders; checking backgrounds of employees in strategic locations; substantially increasing a carefully picked watchmen force; installing burglar-proof fences and other protective equipment, increasing flood lighting; special package and freight checking systems and so forth.

V

ICTORY FIRST!

Above everything else in America today—the job is to win the war

WHAT GREYHOUND IS DOING: Greyhound is furnishing transportation for the armed forces and for war workers to and from plants. ★ Greyhound is continuing to serve civilian travelers, now more dependent on buses because of private car and tire restrictions. ★ This tremendous task constantly grows greater and is being done with the limited number of buses available under present conditions.

WHAT YOU CAN DO: You can help by traveling during the middle of the week—thus providing more seats for military personnel and war workers who must travel on weekends. ★ You can help by traveling in the middle of the day—those hours when workers are not en route to and from jobs. ★ Greyhound will continue to furnish the best service that war conditions will permit.

★ *But we must all remember—before personal convenience and pleasure—it is Victory First.*

GREYHOUND

Parking Lot Limit Fixed

Recommendations of the Redwood City Traffic Study Committee—among them one for a comprehensive survey of the city's traffic problems — were adopted in full by the city council Monday.

The survey, long discussed and agreed upon unanimously by the 17-member committee at its meeting last month, would be made by the California State Automobile Association at a cost of not more than $300.

The other recommendations, as presented to the council by Chairman Ferris W. Miles of the traffic committee, are as follows:

1. That one-hour parking limits be put into effect on city-controlled parking lots.

2. That a new pedestrian crosswalk be established on Main St. midway between Broadway and Stambaugh St. and that the southerly one at the Main-Stambaugh intersection be eliminated.

3. That red reflector buttons be placed on the north side of Bayshore Hwy. opposite the end of Main St. (A motorist recently was killed at this corner.)

In asking that the survey be made, Chairman Miles pointed ou that there were 390 accidents in Redwood City last year—resulting in 10 deaths and 106 injuries. The survey would be similar to successful ones made in Palo Alto, San Mateo and Richmond, which were studied by the traffic committee.

"The traffic committee," Miles explained, "will take the responsibility for execution of the survey and presentation of the written material to you for disposition. However, we'll want the right to indorse all or only part of the recommendations contained therein."

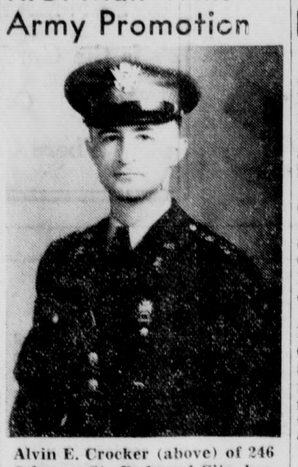
Supplementing Miles written recommendation, Committeeman Paul A. McCarthy, former councilman and mayor, pointed out that while the council might hesitate to spend $360 these days, with defense expenditures being as they are and with traffic normally decreasing due to scarcity of tires and gasoline, it would take some time for the survey to be completed, studied and recommendations decided upon, and that when the war was over traffic likely would increase with a spurt, so that the community should be ready to handle it. Expensive recommendations, he said, would not need to be carried out until after the war.

Individual councilmen spoke in favor of the survey, Evans A. Fletcher remarking he felt the committee so far had "done a wonderful job"; William M. Werder pointing out that the $300 expenditure might conceivably be the means of saving a life or at least property damage through accidents; Floyd D. Granger explaining that he had long favored such an investigation; Louis C. Christensen saying he concurred wholeheartedly in the plan. The motion to have the survey was made by Werder, seconded by Fletcher, and passed without dissent.

Only possible delay in carrying out the recommendations was seen in the fact, pointed out by City Manager C. L. Dimmitt, that approval of the State Highway Commission must be obtained before the reflectors can be installed on Bayshore Hwy. at the Main St. dead-end. He was directed to seek the necessary permission.

Col. L. P. Hunt was borrowed from the Marine Corps to act as administrator of the first government sponsored housing project in Alaska.

R.C. Man Wins Army Promotion



Alvin E. Crocker (above) of 246 Johnson St., Redwood City, has been promoted from first lieutenant to captain. For the past year he has served as commandant of the branch school for cooks and bakers at Camp San Luis Obispo.

Carrier Hearing Set Here for Apr. 22-23

Hearings to determine whether or not the Peninsula Motor Express may operate as a common carrier will be held before the State Railroad Commission sitting in Redwood City on Apr. 22 and 23.

The trucking company, presently engaged in the business of transporting property between San Francisco and San Jose and other points in California, is now licensed as a highway contract carrier.

In the application of Wayne F. Maloney, an associate of the company, a change from this status to that of a common carrier is sought. Purpose is to permit the company to serve stores up and down the Peninsula without need of contract.

Robert L. McCorkle, a representative of the firm, was here today to arrange for appearance of local merchants as witnesses at the hearing on behalf of his company.

He pointed out that if the permit is granted, merchants may get quick service from San Francisco. A truck will leave there daily at 5:30 a.m., arriving here at 7:50 a.m. Another will leave at 1 p.m., arriving here at 3:30 p.m. Rates will be 40 cents for 1 to 25 pounds; 50 cents, 25 to 50 pounds; 60 cents, 50 to 75 pounds; 70 cents, 75 to 100 pounds, then 75 cents a hundred.

Bees Going to Waste; Who Wants Them?

Want some bees?

If so, just put in your bid to County Agricultural Comsr. Max J. Leonard's office (Redwood 2180).

Apparently because of the war, the demand for bees has slackened off this year, Leonard explained today. Frequently this time of year bees swarm, someone sees them and telephones Leonard, and he notifies anyone interested in getting the bees. But now there seems to be no one wanting the honey-makers.

"I don't like to see potential honey go to waste," Leonard explained, so he asked that anyone contact him who desires to be notified if and when there is an unwanted swarm.

The person asking for the bees must have his own equipment for handling them and come after them, Leonard said, since his office is not equipped for the work.

Treatment For Gas Told

What to do in event of an enemy attack by mustard or Lewisite gas was told to the Redwood City Exchange Club Tuesday by Dr. C. O. Morse of Redwood City, former local physician now at Stanford University.

Explaining that effects of the gas take effect so quickly there is no time to await arrival of first aiders, Dr. Morse said that every person struck by gas must care for himself immediately.

In the event of an attack of mustard gas (identified by an onion-garlic smell), one should go indoors and to the second story of the house if possible, leaving behind him—outdoors—all his clothing if it has been touched, for if there is any gas on the clothing it will merely spread the fumes inside.

"This disrobing may be embarassing—but necessary," Dr. Morse declared.

Then all wet areas on a person's body should be blotted with a handkerchief or other cloth, after which kerosene, white gasoline, alcohol or a bleach such as clorox should be used to remove the remainder of the gas. This should be done by blotting, not rubbing, he emphasized, so as not to spread the gas.

"Then get in a shower, and scrub the skin thoroughly, with strong soap," he advised.

Burns that are left should be treated in a hospital, he explained.

In the event one is struck by Lewisite gas (identified by a geranium smell), one should get out of the gassed area—to an upstairs floor if possible; remove the clothing—outside the house; blot up the wet areas on the skin; blot the rest of the body with peroxide of hydrogen, then bathe, and pat the body dry with a towel (don't rub).

In each case, the eyes should be washed out also. In the case of mustard gas, Dr. Morse recommended washing the eyes with a solution of bicarbonate of soda; in the case of Lewisite gas, with weak peroxide.

Dr. Morse said mustard gas would take effect within 10 minutes; Lewisite gas, 2 minutes; hence the need for quick action.

While pointing out that military authorities feel gas will eventually be used in America by the enemy—just as he said it had been used already in this war in other countries — Dr. Morse pointed out it was unlikely residential areas such as the Peninsula, or more rural districts, would be attacked, except in cases of error or in nuisance or token raids. More congested areas such as San Francisco would be the logical point of gas attack, he explained.

Clement R. Baume acted as chairman of the meeting.

Flower Arrangement Course Is Offered

A free course on correct flower arrangement will be given by Mrs Neil True Welch at Nathan-Dohrmann Co. of San Francisco for four successive days, starting next Wednesday.

Mrs. Welch, a graduate of the Rudolph Schaefer School, is author of the new Sunset book on flower arrangements. She has featured floral exhibits at the larger flower shows in the Bay Area and has lectured at numerous flower and garden clubs in both Northern and Southern California.

The lectures and demonstrations will cover a wide range, using all types of containers for almost any spot in a home. She will use even the simplest plant life in remarkable displays. Her arrangements will employ fresh flowers, static materials, fruits and vegetables, arrangements with rocks, driftwood and figures.

The classes will be held on the mezzanine floor of Nathan-Dohrmann Co. at 2 p.m. The schedule is as follows: Apr. 15, color harmonics in flower arrangements, importance of selecting correct materials and containers; Apr. 16, correct flower arrangements for a definite place in the home; Apr. 17, decorating in war time, using fruits and vegetables from victory gardens; Apr. 18, beauty and gaiety in the home with flowers.

Miss Nettie Reynolds Is Taken by Death

Following a long illness, Miss Nettie Irene Reynolds, a resident for 25 years of the Palo Alto vicinity, died late Tuesday at a San Mateo hospital. Miss Reynolds, who was 69, lived at 989 Woodland Ave., North Palo Alto, with her brother, Harvey H. Reynolds. She was a native of Naples, N. Y. The funeral was held Thursday at 2 p.m. at Tinney's in Palo Alto, with interment at Alta Mesa Memorial Park.

It's just

Simple Arithmetic

THE MORE people see your ad,

THE MORE results you'll get

Place your ad in the newspaper that goes into four thousand homes in Redwood City and San Carlos, and you will be sure of a large reader group and big results. These results are based on the fact that your ad in the Redwood City Tribune is not only seen by a large group of readers, but is accepted by them. Plan a Spring advertising campaign in the Tribune and watch the business roll in.

1 plus 1 equals 2. The formula for successful advertising is simple: a large reader group plus reader acceptance equals more results. Let us put this formula to work for you.

MENLO PARK NEWS

BY D. E. O'KEEFE

MENLO PARK—There appears to be no interest in the municipal election that takes place next Tuesday. Three councilmen are to be chosen. Two tickets are in the field but very little campaigning is being done. There is nothing in the rumor a shakeup in the police department may take place when the new board assumes office. The department is doing a good job and there is no need of a change.

* * *

The rainfall for the season to date is 18.54 inches, as compared with 15.06 at this time last year. The average percipitation for the past 10 years has been 12.08 inches.

* * *

Wild pigeons are still here in large numbers. The oldest pioneer cannot remember when the birds remained so long. They usually depart for their homes in the far-off hills in early March. Maybe the war has something to do with it.

* * *

Several local young men who are in the army are on their way to Australia. Their names are withheld by governmental instructions; then too, it would be aiding the enemy in giving information concerning the movement of troops.

* * *

Owing to scarcity of labor, all lumber work on the new theater has been postponed indefinitely. Menlo Park is sorely in need of an attractive playhouse, but the times will not permit one to be erected this year.

* * *

Fire Commissioner McNear was re-elected Monday. He received 148 votes. A local business man received one vote. Mr. McNear was chairman of the board and has always taken a lively interest in the appointment.

qe're,½

Flood Park Plunge To Be Opened May 31

Members of the county planning commission, meeting at Flood Park near Menlo Park on Tuesday, decided to open the Flood Park swimming pool to the public May 31. A schedule of fees, 10 cents for children and 25 cents for adults, was adopted.

The commission recommended that the county lease the Millbrae Park and Recreation Center to the Millbrae Park Commission for its separate operation. The park is now operated jointly by the Millbrae and county commissions.

Health Head 'Welcomes' Jury Inquiry

Commenting on the announcement of the grand jury that it would "survey" the health and welfare departments to determine whether or not the taxpayers are receiving full value for the large outlay of public funds, Dr. C. C. Gans, department director, has issued this statement:

"One of the most vital facilities afforded by our democratic form of government is that of the check-up by bodies such as grand juries. Every official should welcome the opportunity whereby some other agency can prove that he is doing his job right.

"This is especially true in a department expending in excess of a million dollars in federal, state and county funds annually."

Dr. Gans disclosed that his department is spending about $525,000 annually in federal-state funds. This amount, plus another $125,000 contributed by the county, is subject to federal and state audit.

THRIFT POLICIES REAFFIRMED ON FORTIETH ANNIVERSARY OF DEPARTMENT STORE CHAIN

The company has travelled a long road since Penny's first little store in Kemmerer, Wyoming (right). Now it includes such stores as the company's largest, in Seattle (above), which, in many a single day, does several times the business which the mother store did in its first year of operation.

J. C. Penney Co., in Nationwide Fete, Points to Need for Universal Economy

In celebration featuring the historical background of the business, the J. C. Penney Co. marks its 40th milestone. 1609 stores all over the country are taking part in the celebration, which extends through April. The keynote of the event was set by the founder of the company, J. C. Penney:

"We have chosen thrift as the theme of our 40th anniversary," said Penney, "because it seems to us particularly timely to stress the need for our return to pioneer simplicity.

"Today America is at war. Now, in wartime, because of the tremendous job ahead of us, we must learn again to work hard and to live simply—to put into the preserving of America what we once put into the building of it—to return to the old ways of thrift and savings that were the general rule at the beginning of the century."

The management of the Penney company, which in 40 years has grown from 1 store to 1609, still adheres to the policies laid down by Penney at the very outset. Quoting Earl Corder Sams, president of the company, and lifelong associate of Penney: "The Penny company still believes in, and practices, the thrifty methods of 1902. It stands ready to help America save at a time when savings are essential!"

NEW YORK (AP)—The entire annual consumption of rubber for all athletic goods made in the United States amounts to about one-sixth of one per cent of the yearly consumption of rubber by industry in this country.

Menlo Park Issues No Permits in Month

MENLO PARK — Menlo Park established a record in reverse last month when for the first time in at least eight years, not a single building permit was issued by Bldg. Insptr. John B. Glunz.

The complete absence of building activity contrasted with March, 1941, when permits were issued for building valued at $62,800, and even with last month when permits for $23,200 worth of construction were granted.

Atherton's building total also reflected the effect of the war on general construction work, but a permit for a $12,000 home kept the total well above the $10,000 mark. Six permits were issued there by Town Clerk Howard Boren. The total value was $17,600 as compared with $18,500 in February and with $27,885 in January.

March construction in Atherton last year established a new all time record with a total value of $82,700.

Permits issued in March this year in Atherton follow:

Mr. and Mrs. Roy Hurd, owners and builders, at 176 Encinal Ave., residence and garage, $12,000.

M. C. Levintritt, owner, R. A. White, builder, on Fair Oaks Ln., alterations to home, $2000.

D. P. Baxter, owner and builder, at 138 Fair Oaks Ln., temporary outbuilding for airplane, $300.

C. J. Monti, owner and builder, at 119 Tuscaloosa Ave., alterations and additions to residence, $2000.

F. P. Desimone, owner and builder, on Almendral Ave., guest house, $2000.

Maj. R. E. Humes, owner and builder, Placitas Ave. and Oak Dr., toolhouse and workshop, $300.

INJURED IN ACCIDENT

Miss Lowell Patty, 52, 525 Hamilton St., Redwood City, and Julia F. Milbourn, 52, Atherton, were injured Tuesday afternoon when cars driven by the latter and Mrs. Regina C. Scott, 22, housewife, collided at the Belmont intersection on Bayshore Hwy.

The Bank of Sweden, founded in 1668, claims to be the oldest bank of issue in the world.

ANNIVERSARY JUBILEE!

To you . . . a personal message from the founder of the J. C. Penney Company:

We rededicate ourselves, today, on our 40th Anniversary, to the service of America.

We rededicate ourselves to thrift and savings. We rededicate our 1600 stores, which now stretch from Coast to Coast, to the great job of helping American families to continue to live well for less.

10 NEW TIRES STOLEN

SAN CARLOS—Ten new tires were stolen from Horigan Motor Sales, El Camino Real and Central Ave., some time before 3 a.m. Monday. At that hour city police discovered the iron grill enclosing the tire room had been broken. Extent of the loss was not learned until later.

There are more than 5000 miles of streets in New York City.

State Inspector Sued Over San Mateo Arrest

C. S. Kuiper, San Mateo drayman, has filed suit in superior court for $5068 damages from Arthur E. Schuck, state furniture and bedding inspector. The drayman contends that Schuck contrived and maliciously intended to injure him by causing his arrest Apr. 9, 1941, on a charge of violating the bedding inspection act.

Kuiper, subsequently found not guilty by a jury in Judge A. H. Stetson's court, complained that his reputation and credit have been injured by the state inspector's acts.

Kuiper has a similar suit against Mrs. Cecelia Magini of San Mateo, to whom he allegedly sold uninspected bedding, resulting in Schuck's complaint. The suit against Mrs. Magini is scheduled to be tried before Judge A. R. Cotton in superior court May 15. Kuiper's attorney is J. A. Branson.

Skagway, Alaska, chief port of entry during the Klondike gold rush, is now famed for its beautiful gardens.

Immigration to Canada in 1941 was the lowest it has been since 1860.

All Employes in Plant Here Sign for Bonds

Leading the Emeryville and San Francisco branches to the finish in the campaign for 100 per cent employe participation in U.S. Saving Bond buying, Plant Rubber & Asbestos Works here has completed a drive for total enlistment in the payroll allotment buying of Uncle Sam's securities.

"Every employe of our company is now buying U.S. Savings Bonds," said Louis L. Collonge, superintendent of the plant. "We are proud of the fact that the Redwood City plant was the first to go over the top in this patriotic campaign. There was a fine feeling of co-operation between employes, unions and management, all pitching in for a common cause."

Employe committees working with Collonge and Fred Karklin campaigned the drive to the 100 per cent figure.

BACON CURLS

To make bacon curls, give a quick twist of the fork as you remove the bacon from the pan; if the bacon is cooked just right it will remain curled—and crisp.

President Benjamin Harrison was an enthusiastic stamp collector.

Rail Crossing at Broadway To Be Closed Soon 4 Days

Permission was granted by the Redwood City City Council Monday to the Southern Pacific Co. to close the Broadway crossing for a period not to exceed four days in order to make necessary repairs.

During the work on the tracks, traffic will be diverted to the Brewster Ave. crossing. It was felt by City Manager C. L. Dimmitt that any attempt to provide for traffic during this work would at best be hazardous and the work would be hampered to such an extent that a much longer time would be required for completion.

As traffic must be diverted to Brewster Ave. crossing, the Southern Pacific Co. proposes to finish work on this crossing and put the pavement into good shape. The company proposes to work a double shift to speed up work and guarantees that the Broadway crossing will be closed not longer than four days.

The closing will be necessitated so that the easterly main line track may be reconstructed in conformity to the westbound track already finished.

This work will consist of digging out the underlying adobe and the timbers heretofore placed, down to the clay and filling the excavated space with rock, extending this to cover the entire frontage of the depot and also for a distance northerly of the crossing.

Councilman William M. Werder recommended that the request be granted, subject to the approval of City Manager C. L. Dimmitt in regard to the fixing of the Brewster Ave. crossing. Councilman Evans A. Fletcher seconded the motion.

Four Local Youths Join U. S. Services

Bruce J. Butler, 20, son of Mrs. Sylva L. Butler, employe of the county recorder, has enlisted in the U. S. Merchant marine, and is awaiting assignment to duty as a steward. With him will go Ronald Bellamy, 19, of Hoover St., Friendly Acres. Both were Sequoia High School students.

David Blue, 18, of 15th Ave., Friendly Acres, left this week for San Diego where he will become a signalman in the U. S. Navy. Phil Shepherd of Winchester Dr., Atherton, has become a paratrooper.

TALENT EARNS REWARD

WINS SCHOLARSHIP—Stanley H. Dominguez, 18-year-old Stockton High School senior, is winner of the 1942 Safeway Stores scholarship in animal husbandry, awarded annually at the Future Farmers of America Livestock Marketing Day in Stockton for special aptitude and talent in raising fine livestock. Dominguez, shown here with Assemblyman James E. Thorp of Lockeford, secretary of the California Swine Breeders' Assn. (left) and Ray C. Voss, Safeway executive (right), will use the scholarship to pursue his specialty of hog raising at California Polytechnic School, San Luis Obispo.

Al Terremere Sr. Joins Cleaning Firm

Defense Workers' Tire Problem Pondered

The plight of Half Moon Bay Legionnaires who must use their automobiles to man their civilian defense observation posts in the outlying districts was taken up at the last meeting of the 26th District American Legion at Daly City. C. H. Whitney pointed out that the tires on some of the observers' cars are wearing out, and suggested that some auxiliary method of transportation be provided. The matter was referred to Past Dept. Comdr. William Farrell.

Next meeting will be held at Belle Haven City Post on Friday, May 1. Dist. Comdr. Philip Blanchard presided.

Dr. Gans Says Plan To Boost Pay Favored

Dr. C. C. Gans, county health director, said here that his plan to adjust salaries to the higher cost of living by a flat 10 per cent increase throughout the salary roll has met favorable criticism. The health director opposed a plan advocated by the employes' association, which would have adjusted wages upward in the brackets below $200.

He pointed out that the pay increases could be made without increasing his budget, since he proposes a $35,000 reduction. He said this would not affect the quality of service at county institutions nor would it reduce the amount given to individuals on the aged aid, needy blind and needy orphan rolls.

Weltner Named Head Of M. P. Fire Board

MENLO PARK—C. B. Weltner was named chairman of the Menlo Park Fire District Board of Commissioners at a re-organization meeting Tuesday. He succeeds E. H. McNear, who has served during the past year and who was re-elected Monday as a member of the board.

$15,000 For Defense, Blood Bank

The San Mateo County Board of Supervisors Tuesday upped ante for current civilian defense costs $10,000 and voted $5000 for the San Mateo County Blood Bank, but refused another request from Menlo Park Fire District to organize weed abatement districts within its boundaries as a defense measure.

Plea for the weed abatement organization was renewed by Asst. Fire Chief L. M. Brown and Air Raid Warden Fred Genzer, both of whom contended that tinder-like grass in the south county area would create a major disaster.

Board Chairman Fred Beer countered with the assertion that every penny of county funds must be conserved for defense, and that neither man power nor tools are available for large weed abatement districts. The original petition to form the district was turned down two weeks ago to the disappointment of Menlo Park residents, Chief Brown said.

At the suggestion of Asst. Dist. Atty. Daniel E. Sullivan, the Menlo Park delegation was advised to post weed-growing property as a fire menace, and threaten with arrest those owners who fail to abate the nuisance.

Money for the blood bank came from the San Mateo County Unemployment Relief Commission's budget. The $10,000 for civilian defense was transferred from the building fund.

The board set Apr. 28 to hear protests on rezoning property near Princeton for the Hovden Food Products Co.'s proposed million dollar fish cannery and reduction plant.

It authorized Fire Warden Bert Werder to enter into an agreement with the U. S. Department of Agriculture by which personnel costs for manning fire lookouts in the county would be borne by the federal government. According to Sullivan, the estimated federal contribution is $1500 monthly, and he said the fire lookouts would serve in dual capacity as airplane observation stations for civilian defense.

On application of Neils Schultz, Millbrae Highlands developer, the board set a hearing for May 19 on a proposed franchise to the Millbrae Water Co. Beer said the board would probably limit the franchise to 45 years.

Request of Pescadero Junior Chamber of Commerce for additional police protection in Pescadero was referred to Sheriff James J. McGrath for reply and recommendations.

IDENTIFICATION TAGS

Authorization for purchase of identification tags for every child in San Mateo County, to be resold to the children for perhaps 12 cents apiece, was given by the San Mateo County Defense Council Monday afternoon. The tags will have chains to encircle a child's neck.

County Engineer M. A. Grant reported that roads now connecting the San Mateo County Coastside with Skyline Blvd. were ample to handle any civilian evacuation problem in the Half Moon Bay and Sharp Park areas.

The board signed an agreement whereby Redwood City will dispose of 25 tax deeded lots, the proceeds to be pro-rated between city and county governments in accordance with their tax claims.

Welch Defeats Belmont Incumbent

In six hours before 7 p.m. on Monday voters of Belmont Fire District thronged the single polling place in the annual district election. Harry C. Welch, employe of Swift & Co. at South San Francisco, received 198 votes to 118 for the incumbent, George O. Roussel, who is retiring after two terms.

In Woodside Fire District only 34 votes were cast, all for the incumbent and only candidate, F. H. Mighall.

E. H. McNear, chairman of the Menlo Park Fire District Board of Commissioners, was re-elected. He received 144 of the 145 ballots cast. One write-in vote was cast for W. T. Casey of Menlo Park.

Sequoia Varieties To Overflow Into Classrooms and Corridors

Annual Show

Event Slated Apr. 16-18

School "characters" and campus scenes around Sequoia High School will come to life Apr. 16 to 18 when 115 students present the annual all-school varieties, according to Francis Hutchinson, faculty director. Most of the show, which is divided into three parts and 16 scenes, will take place in the classrooms and corridors of Sequoia.

The Sequoia Swing Orchestra, under the instruction of Frank Winnburg, will play numbers especially arranged for the varieties by Bob Anderson and Jack Buben. Instrumental numbers were arranged by Buben, Ray Hubbard, Robin Walton, June Robertson, Roy Glaves and Wally Jonason.

Among the most spectacular scenes is one entitled "Carnival in Havana," in which tomtoms and moroccos will accent the swaying motions of the rhumba dancers. In colorful costumes, a singer and a ballroom couple will also participate in the scene.

Robin Walton and his "Curbstone Couples" will present the schottische, a current dance craze in high schools.

Secrecy surrounds the finale, which according to Hutchinson, will take place at a school dance.

"Persons who go to this show are asked to inspect persons they are sitting with, who may arise from their seats and become actors at any time. The 1942 varieties flow off the stage, into the aisles, and sometimes into the spectators' laps," said Hutchinson.

Three performances will be given: a special matinee for grammar school children Thursday afternoon for 10 cents, a high school matinee Friday at 2:30 p.m. for 20 cents, and an evening performance Saturday at 8 p.m. for 40 cents plus tax.

General manager is Pat Nielson, commissioner of cultural activities, who will be assisted by Connie Thomas. Faculty advisers are Hutchinson, Winnburg, Don Brown and Elbert Garcia.

Desk To Become Library Memorial To H. W. Schaberg

The Redwood City City Council Monday voted to accept a recommendation made by the board of trustees of the Redwood City Public Library that a new charging desk not to exceed $1250 in cost be purchased and that the remainder of the $20,000 of the fund left to the library by the late Mrs. H. W. Schaberg be invested in United States Defense Bonds.

The committee appointed by the city council and the library board to consider the use of the money left by Mrs. Schaberg to the Redwood City library found it desirable that the funds be put to immediate use as a permanent memorial to the late H. W. Schaberg.

Recognizing the need of a larger and more modern charging desk in the main library and the possibility of transferring the present desk to the children's room, where members of the committee feel it is urgently needed, the committee recommended the purchase.

It was also stated that no more expenditures would be made from this fund until the accumulated principal and interest shall exceed $20,000.

On the memorial fund committee were Louis C. Christensen, Floyd D. Granger, Louis Jenkins and Mrs. A. S. Kalenborn.

Motions that the desk be purchased and that the remainder of the $20,000 be invested in defense bonds (series F) was made by Councilman Evans A. Fletcher and seconded by Councilman Christensen.

Rites Held in Chicago For Mrs. Carrie Adams

Funeral services for Mrs. Carrie Adams of Redwood City, who died Sunday while on a visit to Chicago, were held there on Tuesday. The body was cremated and the ashes will be sent here for inurnment at Alta Mesa Cemetery. Mrs. Adams was the mother of Mrs. Fred A. Schmitz and Miss Ellen Adams of Redwood City.

In early Rome the wedding ring was made of iron.

War Savings Show

'Nonsensible' Play Set For Presentation Saturday

Described by its author, A. A. Milne, as being "an absolutely nonsensible thing," the comedy play being arranged by Sequoia Players for Saturday night's war savings stamps and bond show at the high school auditorium is a "good dramatic fare for putting a jittery mind in a state of complete relaxation," according to Claude van Patten, director.

The play is titled, "The Man in the Bowler Hat."

In the cast are Lenore Belanger as Mary; Alfred Hansen as John; Patsy Bolinen as the heroine; Clem Layritz as the hero; Bela Baker as the villian; Bruce McNeil as the bad man.

Marie Guida is manager of the play.

The play is only one of nearly a dozen features of the evening's entertainment, which will start at 7 o'clock with an outdoor concert by Redwood City Municipal Band, and continue at 8 o'clock in the auditorium with the variety show.

Sometime during the evening plans will be announced for the coming house-to-house canvass planned here to induce people to pledge to purchase war savings stamps and bonds regularly.

Barbecue Ticket Deadline Today

Tickets should be secured before today is out for the Monday night barbecue to be held at Sequoia High School honoring officials of National Motor Bearing Co., according to Secty. Roscoe D. Wyatt of the Redwood City Chamber of Commerce, co-sponsor of the event with San Francisco Peninsula Title Co. The tickets are available at the chamber office, banks and title companies. Price is $2 each, the amount being necessary to cover costs of inviting a number of honored guests.

Among those who will speak at the meeting are Carl Smith, defense housing co-ordinator of the War Production Board, and D. C. McGuinness, district director, Federal Housing Administration.

Yorty Would Become Lieutenant Governor

SACRAMENTO (AP)—An anti-Olson Democrat, former Assemblyman Sam W. Yorty, announced here he has withdrawn as a candidate for governor and will seek the nomination for lieutenant governor.

The slender but fiery Los Angeles lawyer who has waged unsuccessful battles for political offices ranging from city council to U. S. senator prefaced his announcement with the assertion that all present indications point to an early entrance into the gubernatorial campaign by Atty. Gen. Earl Warren.

The musical pitch standard broadcast by the Bureau of Standards is accurate to one part in 10 million.

Aliens' Farms

Floriculturists Needed Here

San Mateo County's huge flower industry may soon become a casualty of war—unless a dozen skilled floricultural operators can be found at once to take over holdings being left by exacuating Japanese.

Pressing need for qualified flower growers to operate greenhouses and nurseries was revealed in San Mateo by Richard D. Wadley, Farm Security Administration field agent.

Altogether 39 farm units totaling 206 acres are available for purchase, lease or management by qualified farmers, Wadley reported. The holdings average from 2 to 5 acres each, with none exceeding 50 acres.

"We want farmers with experience in greenhouse or nursery operation to contact us immediately if they are interested in expanding their holdings," Wadley said.

The field agent, who took over his duties last Tuesday at the Wartime Civilian Control Administration "service center" located at the U. S. Employment Service office at 15 B St., San Mateo, explained that special credit terms are available.

Although 57 would-be operators have applied to date, many have not had proper experience, he said.

More than half of the total holding of 592 acres originally registered by 70 Japanese farmers in this county has already been disposed of, he said. The remainder is almost completely in commercial flower enterprises.

Special FSA loans are available to qualified owners, tenants, farm laborers, partnerships, corporations and co-operative groups unable to secure financial backing from other sources.

Sixth Complaint Filed Over Coastside Mishap

W. D. Stark, Half Moon Bay attorney, today had filed in superior court his sixth complaint in an effort to bring to trial his suit for $35,815 damages against Joseph Biagini.

Stark, represented by Attys. R. E. Bancroft and A. L. Crawford, first sued Biagini as owner of a Coastside residence on Nov. 6, claiming injuries for a fall suffered from a porch which Stark asserted was unsafe, insecure and dangerous.

As successive demurrers were sustained by the court, amended complaints were filed Dec. 10, Jan. 8, Jan. 27, and Feb. 14. The action was then dismissed without prejudice, allowing the filing of subsequent action, on Feb. 28.

Stark suffered broken bones and ligaments in the neck and body from the fall, the complaint states.

'Y' To Learn Needs Of Prisoners in Japan

LOS ANGELES (AP)—Dr. D. A. Davis said here the Japanese government has agreed to permit the Young Men's Christian Association to investigate needs of Americans imprisoned by Japan.

Dr. Davis is a member of the Y's world committee and, until the United States entered the war, was executive secretary of War Prisoners Aid in Geneva.

FIRE DAMAGES COFFEE PORT

SAN SALVADOR, El Salvador (AP)—The coffee port of Acajutla, 2500 population, was almost destroyed this week by fire. Damage was estimated at about $1,600,000, but no loss of life was reported.

Nearness of Induction Causes Man's Suicide

Apparently depressed over his imminent induction into the army, Spencer W. Collom, 35, unemployed San Francisco accountant, committed suicide yesterday by shooting himself with his own .38 caliber revolver in his automobile on Skyline Blvd. 2½ miles south of the La Honda Rd. intersection, sheriff's officers reported here today.

Collom's body was found last night by E. L. Sumner, U. S. Forest Service employe from Sky L'Onda. Sumner had noticed an automobile parked on the highway yesterday morning, and when he saw it still there last night, investigated. He found Collom's body lying in the front seat.

Although Collom left no notes, Dep. Sheriff John O'Brien learned at his San Francisco home from T. C. Day that Collom had been depressed because of nearness of his army induction date.

The young man is survived by his mother, Mabel M. Collom.

His body was taken to the Franklin & Crowe Mortuary.

'Climate Best' Signs Again Lighted at Night

Redwood City's "Climate Best by Government Test" signs are lighted at night once again. Disconnected since the bombing of Pearl Harbor Dec. 7, the sign at Claremont Ave. will be lighted until 10 o'clock each night and the one at Five Points will remain on until midnight.

Nearby service station attendants will turn off the lights in case of a blackout, according to Chief Mark E. Ryan.

Arrangements for the service station attendants to take care of the lights were made on recommendation of Councilman Floyd D. Granger at Monday night's council meeting.

HOORAY! I'VE SAID GOODBYE TO TOUGH PIE CRUST—THANKS TO CRISCO AND ITS NEW PASTRY METHOD!
Apple Pie with Toasted Cheese Top
NOW! Be SURE of FLAKY PIE CRUST!

Right in Crisco—a new Pastry Success Secret—found in no other shortening!

Wouldn't you love it if making a lovely flaky pie meant no more guesswork than making muffins? Everything measured out just so!

Thanks to Crisco, it's come true! . . . Crisco brings you a brand-new pastry method that ends all guesswork. Now you're *sure* of flaky, tender pie crust.

You see, Crisco is different from any other home shortening we know of—it's made by an exclusive process—you can depend upon it *more* to give you flaky pie crust! Pure, all-vegetable Crisco can give you such light digestible pastry, too! And now, Crisco's Pastry Method gives you still another boost to sure pastry success—

Now! Crisco method ends 2 big causes of tough crust!

New thrill! Crisco and its amazing New Pastry Method end the 2 big causes of toughness—using too much water and over-handling the dough.

Read the details of amazing New Crisco Pastry Method at the right. No guesswork in *it!* See how it ends 2 big causes of tough crust. Don't forget—this method was perfected specially for Crisco. **We don't promise Crisco's sure-fire success with just any shortening! So be sure to use Crisco and *only* Crisco.**

NEW! EASY! Crisco's Sure-Fire Pastry Method

DOUBLE-CRUST MEASUREMENTS

2 cups sifted flour • 1 teaspoon salt
*⅔ cup Crisco • ¼ cup water**

**Notice—this method tells you exact amount of water to use. Standard recipes don't . . . yet too much water is the first big cause of tough pastry. That's ended now!*

Sift flour and salt into bowl. Take out ⅓ cup of this flour and mix with the ¼ cup of water to form a paste. Add Crisco to remaining flour; cut Crisco in with knives, fork or blender until the pieces are the size of small peas.

Next, add flour-paste to Crisco-flour mixture. Mix *thoroughly* until the dough comes together and can be shaped into a ball. (*Notice—the dough is never sticky—it's easy to handle, easy to roll out! So this method saves you from over-handling the dough—the* second *big cause of tough pastry.*) Divide in half—roll out both crusts about ⅛ inch thick. (All measurements level.)

ONE-CRUST MEASUREMENTS: Use 1⅓ cups flour, ½ teaspoon salt, ⅓ cup Crisco. Take out ¼ cup flour and blend with 3 tablespoons water.

APPLE PIE WITH TOASTED CHEESE TOP—Use your favorite apple pie filling and double-crust proportions of Crisco pastry. Bake in hot oven (425° F.) 10 minutes, then lower to moderately hot (375° F.) 30 to 40 minutes. Before serving, lay narrow strips of cheese in a lattice design on top. Place under broiler or in oven until cheese *just* begins to melt.

FOODS FRIED IN CRISCO ARE SO DIGESTIBLE CHILDREN MAY EAT THEM!

FOR FLAKY PIE CRUST USE CRISCO AND BE SURE

Horsemen's Association Names Committees

Committees of the San Mateo County Horsemen's Association have been announced by the new directors of the group.

On the rodeo committee are John Olsen, chairman; Ed Allen, Earl Williamson; horseshows—Harold Himmelman, chairman, Mrs. Gerald Gray, Mrs. W. C. Duncan; parades—Eric Gilison and Lillian Jones; trails—Rolla Watt, chairman, Mrs. J. S. Grepe, Edward J. Spillane; publicity—Melvin Hanks, Lucille Forden; educational—Harry Tyrell; membership—Lucille Forden; public relations—L. C. Smith, John Perata; entertainment — Walter Carr.

Spillane is the new president of the group. Gillson is a vice president, as is Carr. Watt is secretary and Hanks is treasurer.

Two Men Promoted To Rank of Sergeant

Two Redwood City men in the U.S. Army at Moffett field have recently won promotions from the rank of corporal to sergeant. They are Dale S. Jones and Maurice G. Weaver, both 23. Jones enlisted in the air corps last Aug. 27; Weaver, Oct. 1.

Half Moon Bay Residents Visit Friends, Entertain Guests During Week

HALF MOON BAY—Miss Mayme McGovern of San Mateo visited her aunt, Mrs. Antone Dutra over the weekend.

Mr. and Mrs. Steve Murphy and son of Palo Alto visited Mrs. Murray's mother, Mrs. Minnie Marsh over the weekend.

Mrs. Elizabeth Olney spent several days in Oakland with her daughter, Mrs. Margaret Carroll and family.

Arnold Furtado of Pt. Arena visited his parents, the Louis Furtados, at their home in Arelita Park.

Mr. and Mrs. William Gasper have moved to San Carlos where he has been transferred to the San Carlos Branch, Bank of America.

Fred Simmons Jr. of Coalinga spent Easter week with his wife and family at the home of parents, Mr. and Mrs. Fred Simmons Sr.

Mr. and Mrs. Arthur Bray and family of Redwood City were Sunday visitors of their mother, Mrs. Susie Bray.

Miss Alice Silva of San Gregorio was a weekend guest of the Joseph Salomone family.

Mr. and Mrs. William Azevedo and son, Donald, have gone to Maxwell where they reside during the harvesting of their rice crop.

Mr. and Mrs. Ralph Bandettini and children of San Francisco spent the weekend with her sister, Mrs. William P. Cunha and family.

Miss Lucille George of San Francisco visited her parents, Mr. and Mrs. Joseph George over the weekend.

Misses Florence and Lillian Puccinelli spent Easter with their brother, Leland Puccinelli and his family.

Miss Wilda Enos of San Jose spent several days with her mother, Mrs. Anna Enos.

Mr. and Mrs. Joseph Tomei and children, Joyce and Joel of Soledad were weekend guests of their families, the Paul Picchis and Adelaide Nunes.

Mr. and Mrs. William Upton honors his mother, Mrs. Upton Monday on her 74th birthday. Mrs. Upton is a resident of Red Bluff and is visiting her family here and on the Peninsula for several weeks.

Mr. and Mrs. Bern Silva and son, spent the weekend in Oakland visiting relatives. Bob Silva returned with them to spend several days.

Mrs. Gus. Hathaway and son, Roland of San Mateo spent Easter week at their summer home in El Granada.

Arturo Quillici of Burlingame, a former resident, was here looking after property interests and visiting old friends recently.

'Jack' Dunlap To Head Local Junior Chamber

H. J. (JACK) DUNLAP

H. J. (Jack) Dunlap of 1456 Hopkins Ave., local builder, is the new president of the Redwood City Junior Chamber of Commerce, as the result of his election Wednesday to succeed Floyd F. McCue. He and other officers will be installed at a dinner dance May 2.

Succeeding Dunlap as vice president is A. H. McGovern. Elected secretary was Dr. Stanton R. Burns. Ray Leith was re-elected treasurer. New directors are L. H. Sherwood, Maurice Amsden and Daniel O'Connell.

A number of new members were welcomed into the chamber. They include Davies Auto Co., represented by Judson Mak; First National Bank, Paul Perrin; Redwood Pastry, Nick Fabbro; Southern Pacific, George Gulley; Hull Bros.; Blake's Candy Store; Bank of America; Cafe de Paris; San Mateo County Title Co.; Fred Smales of San Carlos. Acceptance of firm memberships is a new policy of the junior chamber.

Among business items handled was the voting of a contribution to the San Mateo County Blood Bank, and the decision to retain the same Red Cross committees during the coming year that have served this past year, President McCue said.

News of The Boy Scouts

(A Community Chest Agency)

: Plans for a new type of salvage work for Redwood City Boy Scouts will be outlined by Stanley Marcus, city scout salvage co-ordinator, at a meeting of Redwood City scoutmasters tonight at 7:30 p.m. at Sequoia High School. Scouts will collect rubber, metal, and rags. Troops will start the campaign simultaneously with other city groups on Saturday. Perry A. Bygdnes is representing the Boy Scouts on the city salvage committee.

★ ★ ★

Troop 143, Redwood City, meetings have been changed to Friday nights, continuing at the Scout Hall, Jefferson and Broadway, in order to permit members to attend the training course for messengers now being conducted Monday evenings. Scoutmaster Hamilton Day has taken a leave of absence to permit him to take a short defense job across the bay. Troop officers and committeemen are carrying on the meetings in his absence.

★ ★ ★

Pack 16, Redwood City, held a quiz contest last Friday. Cubmaster Bernard Trauner awarded defense stamps to winners. The pack is planning an outing on June 5.

★ ★ ★

Skippers, mates, and committeemen of Sea Scout ships will hold a training meeting and breakfast next Sunday morning at the Redwood City Harbor. Regional Vice Comdr. T. W. Spiller will preside. Skipper Jack Edwards and members of San Mateo Ship 17 will serve the breakfast. Plans will be completed for a regatta with the Stanford Council on April 19 at Palo Alto Harbor. Reservations for the breakfast should be telephoned to headquarters (Redwood City 1685).

★ ★ ★

A special meeting of Menlo Park troop and pack leaders and committeemen will be held Friday at the Central School. Plans for Spring activities and Summer camp will be outlined and final arrangements made for the annual council fund drive. Drive Chairman James T. O'Keefe Jr. will speak on plans, and Scout Executive Edward A. Barrer will outline council objectives for 1942.

Final Programs Listed By S. F. Symphony

SAN FRANCISCO — Distinctly popular in program and decidedly different in guest artist attraction is the third annual "Pop" concert of the San Francisco Symphony Orchestra set for next Tuesday night at 8:30 in Memorial Opera House.

Soloist will be Larry Adler, "world's greatest harmonica player." A typical American born in Baltimore, Adler began his musical career when 14 trouping the country. His first symphonic appearance was with the London Philharmonic Orchestra following his success in a London revue.

Adler's numbers with the orchestra will be a concerto in A minor, Vivadli-Adler; concerto, Berger, and Ravel's "Bolero." Conductor Pierre Monteux also has programmed overture to "Tannhauser," Wegner; overture to "Orpheus," Offenbach; perpetual motion and waltz from "The Bat," Johann Strauss; Pizzicato Polka, Eduard Strauss; "Hopak," Moussorgsky; "Song of the Volga Boatman," arranged by Strawinsky, and "March Slav," Tischaikowsky.

The San Francisco Symphony Forum, made up of university and college students, will present its second annual concert tomorrow night at 8:30 in the opera house.

Bringing its 13th anniversary season to a brilliant close the orchestra will be heard in an attention-commanding orchestral program in the opera house next Friday afternoon and Saturday night.

SOLDIER STUDENTS

LONDON (AP)—More than 1,000,000 troops are regular students at army education lectures. Of this number, 20,000 are studying to become post-war doctors, bankers, lawyers, insurance brokers, architects, surveyors, auctioneers, scientists and technologists.

'Salvage for Victory' Slogan Contest Slated

Theodore M. Lilienthal, salvage chairman for the county defense council, has enlisted thousands of San Mateo County school children in a "Salvage for Victory Slogan Contest."

In announcing the contest, Miss Pansy Jewett Abbott, county school superintendent, requested that the slogans be forwarded to Lilienthal at 900 Burlingame Ave., Burlingame. Prizes are defense stamps.

Judges are Andrew Spinas, Redwood City elementary school superintendent; Mrs. J. H. MacCaregill, salvage committee member, and E. F. Williman, Pescadero High School principal and president of the county teachers' association.

Miss Abbott said the pupils will be asked to provide 300 posters for salvage collection depots.

DRINKS CLEANING FLUID

SAN CARLOS — Little Mary Louise Collins of 2315 St. Francis Way, San Carlos, Tuesday afternoon drank what looked to her like a tempting beverage—but in reality it was cleaning fluid. Rushed to Mills Hospital, the 2-year-old baby was found to be not seriously ill and was sent home again after treatment.

18 THRIFTY MEAT CUTS—SAVE THIS CHART
WHAT TO ASK FOR . . . WHAT TO SERVE WITH IT

BEEF	PORK	LAMB	VEAL
GROUND BEEF IN LOAF — Pineapple slices, Scalloped potatoes, Peas and Celery	SMOKED PICNIC or BOSTON BUTT — Steamed rice, Buttered beets	LAMB SHOULDER ROAST — Peas and potatoes in cream sauce	ROLLED VEAL SHOULDER — Pan-browned potatoes, Baked acorn squash
ROUND STEAK (CUBED) — Hashed brown potatoes, Green beans	PURE PORK SAUSAGE — Creamed potatoes, Sauerkraut, Glazed apple rings	SHOULDER CHOPS — Riced potatoes, Grilled tomatoes	THRIFTY MEAT MEALS — These thrifty meats and their accompaniments make for appetizing, satisfying meals providing goodly amounts of high quality, complete proteins, vitamins, minerals, fats and carbohydrates. Their very appearance stimulates appetite. You can keep them simple meals or make them as elaborate as you wish by adding soup or appetizer, salad and dessert. In any case you will want to include a beverage and bread and butter, or rolls, biscuits or muffins.
BEEF PATTIES — With dried fruit compote, Buttered spinach	HAM BUTT SLICE — Broiler-browned potatoes, Whole kernel corn, Grilled orange slices	LAMB NECK SLICES — Buttered noodles, Spiced buttered beets	
BEEF SHORT RIBS — Browned potatoes, Onions and carrots	END CUT PORK CHOPS — Potatoes au gratin, Stewed tomatoes	LAMBNECKSLICES — Buttered noodles, Spiced buttered beets	VEAL SHOULDER CHOPS — Spanish rice, Green salad
"BOILING" BEEF — Horse radish sauce, Boiled potatoes, Red cabbage	PORK HOCKS — Cottage-fried potatoes, Cabbage wedges	LAMB RIBLETS (for Stew) — Green beans, Carrot strips, Cranberry jelly	VEAL TONGUE (Fresh, Smoked or Pickled) — Spinach, Potatoes au gratin
